Sawyer Fisher
Sawyer Fisher Rendering
1323 Henderson Way
Woodland, CA 95776

Sawyer:

What a pleasure it has been working with you on our recent aerial site rendering for our newest church congregation client. Your responsive service in meeting our aggressive project schedule was important to getting this project approved through the governing agencies. In addition, computer generated renderings are an essential tool in communicating our ideas and the quality of your work has been a great benefit to us on this project as well.

We look forward to the opportunity to be utilized as a reference for you as well as referring others to you, let us know how we can be of assistance. We will be in contact with you once we are ready for our next Sawyer Fisher rendering.

Sincerely,

Gary M. Underhill, AIA
Partner/Principal Architect
